

HEALTH DEPARTMENT
Recommendations of Punjab Governance Reforms Commission

SN	Recommendation	View of Department	What is to be done	Present Status
1	REGISTRATION OF BIRTHS AND DEATHS			
1.1	Notifier - At present Village Chowkidar notifies birth and death to the Local Registrar. The Commission has suggested that ASHA Workers should be declared as notifier.	Good suggestion. State Government would implement it.	The notification under section 10(1)(iii) to be issued declaring the ASHA Workers as notifiers in addition to Village Chowkidar.	The Case has already been forwarded to the State Government for issuing necessary notification.
1.2	Local Registrar - Originally SHO was the Local Registrar but w.e.f. 01/01/2004 Panchayat Secretary was declared as Local Registrar within the jurisdiction of village Gram Panchayat. The Commission has suggested that ANM may be declared as Local Registrar.	Very good suggestion. State Government would implement it.	Notification under section 7(1) is to be issued declaring ANMs as Local Registrars. Would require cabinet approval.	The PSHFW has sent the case to the PS, Department of Rural Development and Panchayats for getting his opinion /consent before sending the case to cabinet for according necessary approval.
1.3	Delayed registration - within one year - At present the Local Registrar with the permission of District Registrar and after receipt of an affidavit and late fees can register birth & death beyond 30 days but within one year. The Commission has suggested that ANM (new Local Registrar) should be authorized to make registrations after taking the approval from the Senior Medical Officer of PHC (in place of District Registrar who is Civil Surgeon).	Very good suggestion. State Government would implement it.	Under Section 6 of the Registration of Birth & Death Act, the State Government can declare Senior Medical Officers as Additional District Registrars and thereafter the District Registrars can delegate these powers of giving approval for delayed registration to these SMOs / (Additional District Registrars.)	The Case has already been forwarded to the State Government for approval.

Recommendations of Punjab Governance Reforms Commission

SN	Recommendation	View of Department	What is to be done	Present Status
1.4	Delayed registration - after one year - At present the District Registrar (Civil Surgeon) can register such birth & deaths after obtaining an order from the SDM. The Commission has suggested that for registration within 10 years, there is little possibility of misuse and therefore for such cases the process adopted for registration within one year should be adopted.	Good suggestion but the case false within purview of Central Government.	Under Section 13(3) prescribe the procedure. Central Government is competent to amend this Section. We will move the case but it may be difficult to get the Act amended.	The Office of Registrar General, India has already been requested vide this office No.SBHI(ME-1)-Pb/2010/2031 dated 15-04-2010 to convey this office whether there is any possibility of amending Rule 9(3) of Punjab Registration of Births & Deaths Rules, 2004 keeping in view the recommendations of PGRC. The Office of RGI vide letter No.1/2/2010-VS(CRS-PB) dated 06-05-2010 has informed that some amendments are already under their consideration including the amendment in Section 13 of RBD Act, 1969. The office of RGI has proposed that the practice of production of affidavit and an order of First Class Magistrate for registration of birth upto 6 years under Section 13 of RBD Act be removed. The implementation of this suggestion of ORGI requires amendment in corresponding state rule i.e. Rule 9(3) of Punjab Registration of Births & Deaths Rules, 2004. So it is suggested that we should wait for the receipt of final proposed amendments in RBD Act from the ORGI so that further course of action may be taken accordingly.
1.5	Entry of names in time barred cases - At present, the name of the child can be entered by Local Registrar within one year and by the District Registrar after one year but before 15 years with late fees. The Commission has suggested that the entry of names should be permitted without any limitation.	The suggestion is an order but section 14 prescribes a time limit and the State Government is free to fix the time limit.	In rule 10, the State Government has fixed the time limit of 15 years. This has been done on the basis of Model Rules circulated by the Government of India, but State Government is empowered to amend the rules. State Government would allow entry of names with late fees upto the year 2020 and thereafter 15 years limitation would come into effect. The rules can be amended with the approval of Centre Government and therefore the case will have to be moved to the Government of India.	The Office of Registrar General, India has already been requested vide this office No.SBHI(ME-1) Pb/2010/2033 dated 15-04-2010 to allow the amendment in the rule 10 of Punjab Registration of Births & Deaths Rules, 2004 so that left over children of more than 15 years may be covered. The reply is still awaited from Govt. of India.
1.6	Digitization of record - The commission has suggested 3 points-			

HEALTH DEPARTMENT
Recommendations of Punjab Governance Reforms Commission

SN	Recommendation	View of Department	What is to be done	Present Status
(i)	Digitization should be delinked from the e-governance project.	The suggestion regarding delinking is an order and has been accepted by the department.	To design a software and recruit the people.	Two computer systems have already been supplied to all the districts of the State in which newly developed CRS Software has been installed. 29 Civil Registration Assistants have already been appointed in 20 Districts of the State. These CRAs have been given extensive training by the officials of CCE about how to operate the CRS software. Instructions are being issued to all CRAs to digitize the record of rural area from the year 2009 and backwards. Only computerize certificates should be generated about the record which is already digitized. Similarly, the software may also be used for generating various reports/tables prescribed under rules.
(ii)	Suwidha Centres be authorized to digitize the records.	The suggestion has not been accepted at present. To begin with the department of Health & Family Welfare would digitize the record.	To outsource the work of digitization of previous records.	We have made a budget provision under NRHM for outsourcing the digitization of previous record. The work would be allotted soon.
(iii)	To declare the incharge of Suwidha Centres as Additional Registrar for the purpose of maintenance of digitized record and issuance of copies.	The suggestion has not been accepted by the department for the time being. At present the Health department authorities would continue to be District Registrars / Additional District Registrars. Once the record is digitized, this recommendation would be examined.	—	—

Recommendations of Punjab Governance Reforms Commission

SN	Recommendation	View of Department	What is to be done	Present Status
1.7	Fees - The Commission has suggested that no fees should be charged upto one year and the notional liability should be carried by the State Government	At present, the following fees are charged upto one year. Delayed registration upto 30 days - Rs. 2/- by Local Registrar; Delayed registration upto one year with the permission of District Registrar- late fees of Rs. 5/-; Delayed entry of name within one year - Rs. 5/- Search for single entry in the office of Local Registrar-Rs. 2/- Giving a copy of birth & death by Local Registrar - Rs. 5/- The suggestion can be accepted.	Rules have to be amended for which State Government is competent but with the approval of Government of India.	Case will be moved.
2	EMERGENCY MEDICAL RESPONSE SYSTEM			
2.1	The department should place a network of ambulances and a central control facility in place.	We have already initiated the exercise.	Party has been finalized after tender process and case sent to FD for approval. FM has already approved.	10/6/10 - for allotment of work. 30/6/10 to 31/8/10 - receipt of vehicles.
