

SN	Item	Action to be taken	Officer concerned	Target Date	Remarks
1	Documents of Rural Health Statistics	The latest documents published by Government of India about the Rural Health Statistics may kindly be perused and if there are any errors, we should move a case for rectification.	MD NRHM	–	–
2	Gaps	These documents also show the desirable norms and present status in response to various parameters. The State Government should try to remove the gaps in respect of important parameters. The case for gaps in vital statistics may kindly be separately prepared and we should take effective action in a time bound manner.	DD (St)	–	This exercise may be carried out under 2 separate heads - Infrastructure and Man-power
