

**Subject- School Health Programme**

1. A meeting regarding School Health Programme was held with Director, Social Security, DG School Education and APD, PSACS on 21/9/2010. MD NRHM was also present. The following decisions were taken.

- (i) **Medical check-up of Anganwari children-** Instructions would be issued directing the doctors doing the medical check-up in the schools to also conduct a medical examination of the Anganwari children. A proforma may be devised wherein the Anganwari workers would certify whether their children have been examined. **(MD NRHM)**

We will need to supply iron and folic acid syrup and albendazole syrup for the children, if these items are not already available in adequate quantity with the ANMs. **(MD NRHM)**

- (ii) **Transport for referral treatment of school children-** DG School Education would issue instructions making the transport charges admissible under PTA funds. MD NRHM would examine if we can spare some funds from PHCs, Sub-Centres and CHCs or from the medical camps held for this purpose. **(DGSE / MD NRHM).**

- (iii) **Adolescent Education Programme-** DGSE would look into the utilization of funds given to Education Department. In this programme, the annual amount is about Rs 45 lacs. APD, Punjab State AIDS Control Society should also do some test audit of these funds. **(DGSE / APD PSACS).**
